

Here's Your Clarity Score™

Prepared Exclusively for Sample Nonprofit

by All In One Accounting

Your Clarity Score: 579

For Fiscal Year 01/01/2023 - 12/31/2023

Your Clarity Score indicates that your organization's financial operations are sound. However, there may be missed opportunities for growth, program development, and/or infrastructure investment that could enhance your organization's sustainability and effectiveness.

Metric	Score	Possible

About your Clarity Score

A quick and easy way to see the financial health of your nonprofit.

The Clarity Score draws from decades of experience in enhancing the financial health of small businesses. We've identified seven critical areas of financial health and created a simplified way to understand and communicate your financial health to your board, your team, and, if desired, your supporters.

It serves as a powerful tool for identifying and monitoring areas that need improvement. By comparing your score to those of your peers on a regular basis, you'll gain even more insight to gauge the range of financial health you should expect for an organization of your type and size.

The Clarity Score utilizes publicly available and accessible data calculate the score and assign related peer groups, including:

NTEE Classification. The National Taxonomy of Exempt Entities (NTEE) was developed by the National Center for Charitable Statistics (NCCS); the NTEE system is used by the IRS and NCCS to classify nonprofit organizations.

IRS Form 990. The form is primary and public tool of the IRS for gathering information about tax-exempt organizations, educating organizations about tax law requirements and promoting compliance.
